

RE: SAFEGUARDING REPORTING PROCEDURES

The South African Disabled Golf Association (“SADGA”) hereby confirms that it has resolved to adopt and apply the relevant safeguarding reporting procedures and frameworks developed and issued by GolfRSA, as amended from time to time.

For purposes of implementation and interpretation, it is expressly recorded that any reference in such policies, codes or frameworks to “GolfRSA” shall, where the context so requires, be interpreted as a reference to “SADGA”. Likewise, any reference to members, officials, employees, volunteers, participants, or affiliated bodies of GolfRSA shall be read as referring to the corresponding members, officials, employees, volunteers, participants, or affiliated bodies of SADGA.

The adopted safeguarding reporting procedures are applied by SADGA in order to ensure alignment with standards and to promote ethical conduct.

This cover letter should be read together with the relevant GolfRSA safeguarding reporting procedures and serves to clarify their application within the SADGA environment. The aforementioned procedures can be found on the following link:

<https://golfrsa.com/safeguarding/>

Should any further clarification be required, SADGA remains available to provide same.
